

What's the **BIG IDEA** you say?

We're going to the **INVENTION CONVENTION**
(That's like Shark Tank to you and me.)

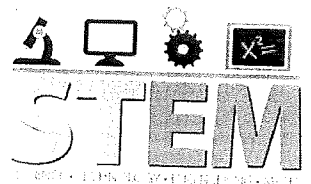

Here's your chance to think outside the box, use your inventive thinking, and problem solve to create your own invention. We'll take anyone who is genuinely interested.

Maybe you can reinvent something.

Maybe you can make something new and improved.

How about a new spin on an old game/product?

Do you have an idea like no other?

You can use your curiosity and critical thinking every other Thursday from 2:45 – 3:45 starting in the 2nd quarter to come up with an idea. Why not join us.

Student Name _____ Grade/Class _____

Parent Signature _____ email _____

After the club meeting, my child will be ___ a car rider ___ go to A/C
